

WINTER WEATHER AND SCHOOL PROCEDURE

In the event of a bad weather school WILL be open as usual, but please do not travel if you think it is unsafe to do so. Parents should always use their discretion as to whether it is safe for their child to travel into school.

Parents should assume that school is in session unless they receive a text message to indicate we are closed. We ask parents to confirm school closure from another parent if you are not registered with the text message service.

We request all parents to join our SMS service as this will provide you with important information in regards to any action taking place at the school.

Text ABT to 07786200690 to receive free text alerts direct to your mobile.
